PROFILE

Passionate and dedicated Website Developer with a strong interest in full-stack development and cybersecurity. I enjoy building secure, scalable, and user-friendly web applications. Currently pursuing a degree in Computer Science (Cyber Security), I continuously enhance my skills through hands-on projects. I am eager to contribute to innovative teams and grow as a developer.

WORK EXPERIENCE

fresher

- Develop and execute comprehensive marketing strategies and campaigns that align with the company's goals and objectives.
- Lead, mentor, and manage a high-performing marketing team, fostering a collaborative and results-driven work environment.
- Monitor brand consistency across marketing channels and materials.

PROJECT

Backer Website

A crowdfunding platform that allows users to support projects with authentication and project listings. Includes a simulated payment system and responsive UI.

Password Strength Analyzer

A real-time password checker that evaluates password strength, provides visual feedback, and suggests secure passwords.

ROLE

Website Developer (Full Stack & Cybersecurity Student)
